This mattress is made with Combustion Modified High Resilience Foam to comply with Government Regulations of Ignition, Source 5, BS5853 Part 2 & BS 1877: BS 1877-10:2011 + A1: 2012.

The construction complies with BS7177 2008 + A1: 2011 FOR DOMESTIC USE (LOW HAZARD)

Always ensure a good close fit of the mattress in the cot.  
Air all bedding, in particular the mattress, as frequently as possible.

WASHING INSTRUCTIONS FOR THE COVER: The cover can easily be removed for washing by means of the zip. Warm hand wash in a mild detergent and rinse thoroughly. Pull into shape while damp and leave to dry naturally. DO NOT IRON. DO NOT BLEACH. ALWAYS ensure that the mattress is completely dry before use.

It is recommended that you turn your mattress frequently.

Extra covers are available from your stockist.

**WARNING: A baby who is being sick will need watching.**
